Hairstylist Appreciation Day

April 30

April is Occupational Therapy Month

Occupational therapy is a customized intervention used to improve daily activities of living like dressing, bathing and cooking in order to get patients back home and is very important part of healing for stroke patients. Ashley Eads, is an Occupational Therapist. She graduated from University of Southern Indiana in 2010. Ashley lives in Greencastle. Ashley loves what she does because she gets to help residents do things they never thought they were going to be able to do again. Ashley is active in her church, Mount Hebron House Of Prayer in Cloverdale. Ashley enjoys to play on the girls' softball league for her church. Ashley's co-workers tell us she is great at trivia, and she's a dare devil and loves to go sky diving. Ashley's proudest moments are being an Aunt to her niece Cabella and nephew Corbin. Jamie Langan is a certified occupational therapy assistant. She has worked at Cloverleaf for 5 years. She graduated from the University of Southern Indiana. Jamie states the best thing about what she does is helping the patients challenge themselves every day and she loves being the person who helps them overcome their challenges. Jamie also loves to go sky diving in her spare time. Lisa Ramey also works here at Cloverleaf as an occupational therapy assistant and has worked here for 5 years. Lisa's favorite things to do are camping, hiking and traveling. The best place Lisa has traveled thus far has been Red Wood Forest in California.

National Siblings Day

George (left) and Clarence (right) Treash are bothers and both currently reside here at Cloverleaf. George and Clarence are 2 out of 13 total siblings. (7 boys and 6 girls)

George and Clarence both recall many good memories from their childhood. When asked what 13 children did for fun, they had this to say, "What we remembered most was playing a card game called "31" where each person put 15 cents in the kitty." George and Clarence both said that all 13 siblings would gather together for a friendly game of cards and money. After every game of "31" all of the boys and girls would purposely leave a nickel here and a dime there on the floor and under chairs and such, for their dad to find so he wouldn't feel left out. The next day their dad would be all casual and very excited that he won some money too! There was another game that all the children would play; this game was called croquet and it was reserved especially for their mother because she didn't like to gamble with all of the kids. George and Clarence both remember that their mother was so proud to be invited to play a game with her 13 kids every Sunday.

RECIPE CORNER

By: Janet Weis

CLASSIC DEVEILED EGGS

Ingredients:

6 hard cooked eggs, peeled
3 tablespoons mayonnaise or dressing salad
1/2 teaspoon ground mustard
1/8 teaspoon salt
1/8 teaspoon pepper

Directions;

1. Cut eggs lengthwise in half. Slip out yolks and mash with fork.
2. Stir in Mayonnaise, mustard, salt, and pepper. Fill whites with egg yolk mixture, heaping it lightly. Cover and refrigerate up to 24 hours.

This will definitely be an Easter treat to remember!

Celebrating National Siblings Day along with coworkers are the following:

Ashley Fry, environmental services and her twin sister Misty Fry, housekeeper.

Don Garvin, LPN and brother Todd Garvin, C.N.A

Chris Fields, LPN and sister Tracy Archer,LPN

Viki York, housekeeper and brother Greg Shomper

We are happy that all of these siblings have chose to work along side one another. Cloverleaf is known for its family like atmosphere. Once you have been an employee, resident or family of a resident you are FAMILY. LIKE IT OR NOT 😊

Customer Service Superstar

There has never been a day that Andrea isn't smiling, in fact, her laughter is larger than life and it is contagious. Well Several people voted for Andrea and one of Andrea's patients said, "I love Andrea because she gives me just the right dose of smiles I need every morning to start my day out right. Andrea's smile is the first thing I see when I wake up and she is smiling at me." He goes onto to say, "If it weren't for my morning dose of "smiles" then my day just wouldn't be complete and she always has time for me no matter how busy her day is and she makes me feel as if I'm the only one!" When asking Andrea about why she is always so happy and full of smiles all of the time; she had this to say, "I love my job and it comforts me in knowing that I can make such a difference in the lives that I touch and I wouldn't have it any other way; this is my family and they are as close to me as my own family at home. Dr Johnson our medical director states, "He knows that his patients are getting the very best care they can get because Andrea always goes above and beyond her duty to nursing. He tells us, that he himself, has witnessed Andrea on several occasions going out of her way to remember patients on their birthdays with cards, candies and balloons." Andrea's coworkers tell us, "she can turn a bad day in a great day with all of her smiles, her kindness, her warmth and her generosity towards others." So, Cloverleaf already knows that Andrea is a Super Star, we just want the rest of IMG to understand why she is a Super Star.

Good Hair Day

Things are going to get a bit hairy on April 30, which is both Hairstyle and Hairstylist Appreciation Day. After all, what is one without the other? Today and every day we want to Thank our beautician Kathy Cotton. She makes all of our ladies feel so good after her service.

Kathy has been doing hair for 49 years and 11 of those years has been at Cloverleaf Health Care. Kathy says, "I really love doing these ladies hair because it's a treat for them." Kathy tell us that these ladies are like family to her and she enjoys making the ladies here at Cloverleaf look and feel their best each and every day!

Employee of the Month

Todd Garvin, CNA

Todd has been a CNA for years. While working with Todd, a co-worker had this to say about him.

“Todd treats residents how he would like to be treated if he was sick. She has witnessed Todd being truly empathic with his patients and their families when they are ill and not feeling well. When interviewing Todd about the reasons why he was so great at his job, Todd had this to say, “I do not consider it a job but a passion.” People can’t help but notice that Todd always sees the glass as half full.

Gimme Five

Say “Gimme five!”

April 20, High Five

on
Day.

This timeless show of enthusiasm is a relatively recent phenomenon. One rumor suggests that the high five was invented in 1979 by a Murray State University basketball player whose dad served in the 5th Infantry during the Vietnam War. But it turns out this was merely a myth. The true originator of the high five was Los Angeles Dodgers baseball player Glenn Burke. On October 2, 1977, in
